Building a Better Community

Welcome to the 1st edition of the Westwood Neighborhood Group's Newsletter.

This group was started by a number of concerned residents to promote the strengthening of bonds between neighbors, advocate publicly and privately for our needs, encourage pride and foster a sense of community.

Our goal is to become a true association of residents, family and friends of Westwood. With organization and structure, together we can develop a plan for the future of our community.

If you want to join us, and you don't have internet, we can stay in touch by phone,

text, e-mail or regular mail. By uniting and improving Westwood, we hope to increase property values and the overall satisfaction of our residents. Please join us in working together to build an outstanding community.

Past Events...

Westwood

Potluck

The first of many, the potluck was the hallmark event that started building a better community.

Halloween Pre-Party

The kids in the neighborhood had fun at Alder Park the evening before Halloween. They proudly made the decorations that were displayed at the Halloween Party last month.

Community

Yard Sale

Westwood residents gathered last month to take part in a community wide yard sale. Money was made, friends were made, and fun was had by all.

Halloween Fun!!

Many Westwood residents came out to experience the very first annual Halloween Party. Kids and adults dressed up and joined in on the fun and games. Trick or treating topped off the evening filled with more fun and candy.

A New Playground!

The Simpsonville Parks and Rec Department worked very hard to install the new playground equipment at Alder Park.

This new equipment provides a retro feel and will surely provide many days and years of fun for all ages.
